CONFEDERATE BONDS. MORE ABOUT THE LONDON SYNDICATE - A SHAKY AFFAIR.

Washington special: A letter, received ere from a London banker, gives some in-ermation in regard to the Confiderate bond yudicate of London. It is thus condensed in a Sunday paper. This thing has been in-cubating for more than a year, and it is simply a plan to make a lot of unsuspecting asset send more good money after bad. The trustees that are announced with such a flourish of trumpets are apything but strong in a pecu-nisty way. Lord Penzance, alluded to as "one of the law lords," is the right honorable judge of the ecclesiastical courts and of the provincial courts of Canterbury and York, and dean of the Archers. He is noted for his tendency for kits-flying concerns, and was severely consumed some years ago for his connection with a Gomining speculation that proved to be an awful swindle. Although it appeared that he had only loaned his name to the concern be had only loaned his name to the concern 1.56%. for a certain sum of money, and really knew no more of the matter than did King Solo-mon; yet one would think this would have been a sufficient leaon, but it seems not to

course as that suggest d would only result in one way, namely: The States thus threat-ened would repudiate all that portion of their debts held in England and on the con-A Well-Kuo, vs Baltimere I awyer Killed by His Insan e Wife-Particulars of the a ragedy.

timore last evening, and when he got home Mrs. Conrad was almost frantic with pair. While Conrad was reading his letter Worthington held his sister in his arms. She frequently called her husband to come to her, and said she could not bear him to leave her. When tea was announced Mrs. Conrad said she was so nervous she could not sit down, and she walked up and down the room. She took a little cream, and then held her bowed

MASHVILLE, August 7.—Judge Reid, who yesterday refused to dissolve the injunction against the Rock City Pool-Room Association from religing pools until it changed its charter in compliance with the law, created consternation by his assidental appearance to-night in the Camberhand pool-room, which had been enjoined. It is said he was received such hissing from the younger sporting fraternity. This be resented by saying he would have the whole crowd before him to morrow morning on a bench-warrant, and that he would send the sellers to jail for five years.

Shreveport, La., August 7.—R. W. Longhery, of Texas, bas purchased the Daily Standard, and will hereafter edit it.

MOTHERS READ.

GENTS:—About nine years ago I had a child two years old and almost dead. The doctor I heel attending her could not tell what alled her. I asked him if he did not think it was worns. He said no. However, this did not satisfy me, as I felt convinced in my own mind that she had. I obtained a bottle of DR. C. McLANE'S CELLEBRATED VER—MIFUGE (genuice). I gave her a teaspoonful in the morning and another at night, after which she passed seventy-two worms and was a well child. Since then I have never been without it in my family. The health of my children remained so good that I had neglected watching their actions until about three weeks ago, when two of them presented the same sickly appearance that Fanny did nine years ago. So I thought it must be worns, and went to work at once with a bottle of DR. C. McLANE'S VERMIFUGE between Iou of my children, their ages being out the same found my children, their ages being out tween Iou of my children, their ages being out the month of my children, their ages being out the control of my children, their ages being a very charles. tie of DR. C. McLANE'S VERMIFUGE between four of my children, their ages being as follows: Alice, 8 years; Charley, 4 years; Emma, 6 years; John, 9 years. Now comes the result: Alice and Emma came out all right, but Charley passed forty-five and Johnny about sixty worms. The result was so gratifying that I spect two days in showing the wonderful effect of your Vermifuge around Utics, and now have the worms or exhibition in my store.

Yours truly, JOHN PIPER.

We purchased a 60-Saw Brown Gin, Feeder and Condenser in the fail of 1850, and have now finished the second season with it. The Gin has given us good satisfaction, makes a fine staple, and our customers are well pleased with it. We consider the Feeder and Condenser indispensable attachments, and would not be without them for near their cost.
